To Interested Parties:

MONTANA STATE LIBRARY  
1515 E. 6th AVE.  
HELENA, MONTANA 59620

During the 1997 Montana Legislature, House Bill 407 was passed, changing the prevailing wage law (MCA 18-2-401). It mandated that prevailing wage would be expanded to cover specific categories of nonconstruction services in addition to construction services.

Enclosed are prevailing wage rates for nonconstruction services occupations that have not previously been covered by prevailing wage. These rates are effective on January 1, 1998. Expanded categories of occupations now covered are:

the maintenance of publicly owned buildings and facilities, including public highways, roads, streets, and alleys;

custodial or security services for publicly owned buildings and facilities;

grounds maintenance for publicly owned property;

operation of public drinking water supply, waste collection, and waste disposal systems;

law enforcement;

fire protection;

public or school transportation driving;

nursing, nurses' aide services, and medical laboratory technician services;

and material and mail handling.

If you have regular employees who do the types of work in these rates, you are not required to pay them the prevailing wage rates.

Prevailing wage applies to any work which exceeds \$25,000 that you privatize and bid out for contract. You need to include these rates in any contract over \$25,000 let for bid from your agency.

If you have questions about the rates, please call me at 1-800-633-0229. Thank you.

Sincerely,

*Kate Kahle*

# **MONTANA PREVAILING WAGE REQUIREMENTS**

---

The Commissioner of the Department of Labor and Industry, in accordance with Sections 18-2-401 and 18-2-402 of the Montana Code Annotated, has determined the standard prevailing rate of wages for the occupations listed in this publication.

The wages specified herein control the prevailing rate of wages for the purposes of 18-2-401, et. seq., Montana Code Annotated. It is required that each employer pay, as a minimum, the rate of wages, including fringe benefits for health and welfare, pension contributions, vacation, training, travel allowance, and per diem applicable to the district in which the work is being performed, as provided in the attached wage determinations.

## **C. Definition of Nonconstruction Services Occupations**

For the purposes of Prevailing Wage, the Commissioner of Labor and Industry has determined that nonconstruction services occupations are defined to be those performed by a person engaged in a recognized trade or craft, or any skilled, semiskilled, or unskilled manual labor related to the maintenance, repair, or construction of a public building or facility, and does not include engineering, superintendence, management, office, or clerical work.

## **D. Prevailing Wage Schedule**

Employers are surveyed biennially to determine prevailing wage rates for services occupations. This publication covers only services occupations. Heavy and highway industry rates are contained in a separate publication. Building construction occupations are surveyed in alternate years and current rates are contained in a publication dated July

1, 1996. All of these rates will remain in effect until superseded by a more current publication.

## **E. Fringe Benefits**

Section 18-2-412 of the wage and hour laws states that:

"a contractor or subcontractor may: (a) pay the amount of fringe benefits and the basic hourly rate of pay that is part of the standard prevailing rate of wages directly to the worker or employee in cash;

(b) make an irrevocable contribution to a trustee or a third person pursuant to a fringe benefit fund, plan, or program that meets the requirements of the Employee Retirement Income Security Act of 1974 or that is a bona fide program approved by the United States department of labor; or

(c) make payments using any combination of methods set forth in subsections (1)(a) and (1)(b) so that the aggregate of payments and contributions is not less than the standard prevailing rate of wages, including fringe benefits for health and welfare and pension contributions that meet the requirements of the Employee Retirement Income Security Act of 1974, travel, or other bona fide programs approved by the United States department of labor, that is applicable to the district for the particular type of work being performed.

(2) The fringe benefit fund, plan, or program described in subsection (1)(b) must provide benefits to workers or employees for health care, pensions on retirement or death, life insurance, disability and sickness insurance, or bona fide programs that meet the requirements of the Employee Retirement Income Security Act of 1974 or that are approved by the United States department of labor."

Vacation benefit amounts are included in the prevailing wage rate for services occupations. Vacation can be deducted from the wage rate, after taxes, provided the employer is signatory to a collective bargaining agreement which contains a vacation fund and the benefit is then paid into the fund. If an employer is not signatory to a collectively bargained agreement, the employer must pay the full prevailing wage amount with no deduction for vacation.

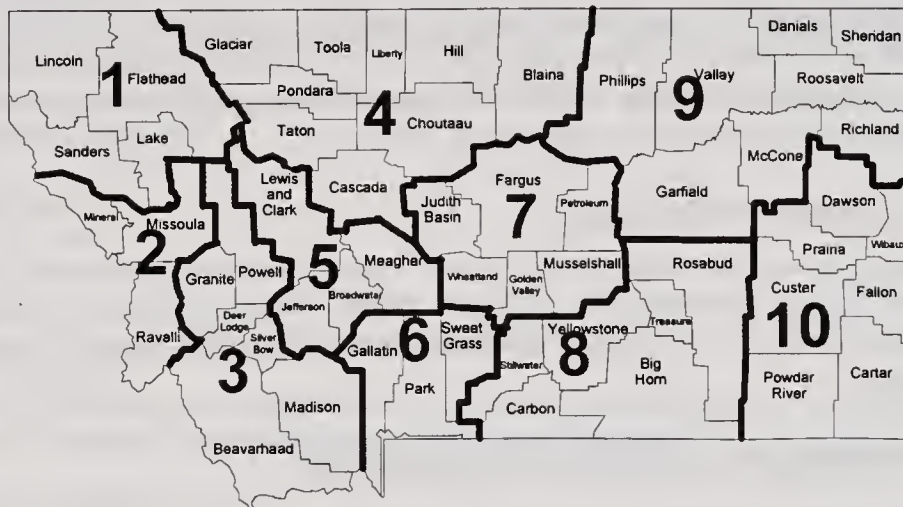

Other fringe benefits specified (health and welfare, pension, and apprenticeship training) are to be paid in addition to the prevailing wage rates. For services occupations, there are no travel or per diem rates.

Vacation, health and welfare, pension, and apprenticeship training benefits are not to be considered a part of the hourly rate of pay for overtime purposes unless there is a collectively bargained agreement in effect that specifies that fringe benefits are to be

computed on an hours-paid basis.
